2 - What has been particularly effective about Francesco Ferlenga's approach to teaching in this course?

Response Rate	6/16 (37.5%)

• Very kind and approachable. Responsive and excited to help.

• I really appreciate how Ali and Francesco asked us what kind of material would be helpful to us. I feel like our class meetings are useful, and I walk away with very practical advice for my project. They've been great also at making themselves available in addition to our advisors.

• Francesco was great! He would give helpful advice and was always happy to answer questions

• Francesco gave very detailed and helpful feedback. Thanks Francesco!

• He was very knowledgable and passionate about the material

• Francesco was extremely helpful in providing advice on my thesis. He also asked the right questions about my results and methodology, questions which raised issues that I would not have been able to raise myself.

3 - What specific advice would you have for Francesco Ferlenga about changes that would enhance your learning?

Response Rate	4/16 (25%)

• I think it would help to have more work time, where we could just ask questions as they come up. Everyone is doing such different things/has different backgrounds in Stata, so sometimes the tutorials didn't feel like the best use of time.

• Recording some of the material, like Stata and Latex workshops would be super helpful!

• None!
